**Прочитайте текст, выполните задания после текста.**

Our college is quite large and old. Nowadays it is a large school where more than 2,000 students are currently enrolled. About 1,000 are full-time students, like me, and the rest are part-time students. The course of study at my college lasts four or five years. There are many faculties in my college. Here are some of them: the faculty of economics, the faculty of electronics, the faculty of industrial automation and robotics, the faculty of plastics, the faculty of metalworking. Our college is large and we have several

buildings. One of the buildings is for lectures and seminars only. There are many large halls there so that students of 3-4 groups together can fit in there. And that is more than 100 people. The acoustics in such large halls is very good but sometimes it is very noisy when students chat during the lectures. We have two laboratory buildings which are equipped with up-to-date equipment and there students can carry on lab works and conduct various experiments. Many students from my group do their own research work.

*Прочитайте текст, определите истинность (True)/ ложность(False) утверждений, аргументируйте, что является истинным в вариантах False*

### *Cultural differences between Russia and the UK*

Hi! I'm Sinead. I live in England and last year I graduated from University, where I studied French and Russian. I am now a qualified EFL teacher, holding a certificate from Cambridge University, and in 2010 I was a teacher at Jump English School whilst I was living in Moscow.

I am going to talk to you today about cultural differences between Russia and the UK. Whilst I was in Moscow, I noticed that many Russians did things that British people would find 'rude' or impolite.

Similarly, many of my Russian friends living in the UK noticed that British people are TOO polite, and often say "please" or "thank you" when actually they don't need to!

So, if you want to get along in the UK or be polite to your British friends in Russia, here is my advice to you:

1. Always say sorry. Always. If somebody in the street accidentally steps on your foot, you must both say sorry. I guess he must say sorry for stepping on you, and you must say sorry for getting in the way! It sounds crazy, but this is very normal in Britain.

2. The English language does not have the polite/formal version of "you". This means that although in Russian, a phrase such as "I want you to teach me English" could be very polite with the correct form of "you"; in English this sounds a little rude.

To help with this problem, the English language has many "introductory phrases" which take the position

of polite “you” in phrases. So, the phrase “I want you to teach me English”, could become: “Oh I’m sorry to bother you, but I was wondering if you wouldn’t mind teaching me a bit of English some time? Feel free to say no!”

3. Honesty is not always the best policy. When I first spoke with Russian people, some things they said made me very upset. Then, I realised that they were just being honest with me! Personally, I believe that the Russian way is the best way, but unfortunately not many English people agree with me!

So, if you don’t want to upset your English friends, try not to say things like: “oh, you don’t speak Russian very well” or, “I don’t think your hair looks very nice today” or, “I don’t want to see you tomorrow”. You don’t have to lie, but try to make the truth sound more friendly!

4. Finally, SMILE! In England, smiling is like currency. Real smiles; fake smiles; big smiles; small smiles; happy smiles; sad smiles, they are all worth something! I learned that in Russian culture it is unusual to smile at strangers, but in the UK it is expected, so it’s time to start practicing!

I hope this was interesting and useful for everybody. I look forward to being your online teacher and I can’t wait to meet you!

#### About myself

Hello, friends. Let me first introduce myself. My name is Ann or Anya for my friends. My surname (or last name) is Sokolova. I was born on the 2nd of October in Sochi, Krasnodarsky Krai. This is the most beautiful city in Russia situated on the Black Sea coast. Now I am a first-year student at the Technical Academy. In five years I'll be an engineer.

Now let me describe my appearance. I am tall and slim and have fair hair and blue eyes. My friends say that I am pretty. I think I am just good-looking. I love sports and music. I was very serious about a career in gymnastics when I was in the 5th form. But then I broke my arm and doctors didn't let me go in for

gymnastics. I love to listen to modern music and dance. I dance a lot and I hope I am good at it. I also love swimming. I always swim in the Black sea when I visit my parents, my dear family.

I would like to tell you about my family. There are five people in our family. My father's name is Vladimir Stepanovich. He is a mathematician by education and businessman by profession. My mother's name is Tatyana Petrovna. She is a housewife. She has much work about the house because I have a younger sister. She is a pupil. My sister Natasha is in the fifth form. My grandmother, my mother's mother, lives with us. She is very kind and helps us a lot.

Our family is very friendly, we have many friends. In summer many relatives come to visit us. And, of course, they use a chance to spend several weeks in beautiful Sochi.

In May I have finished school No 5 in Sochi. I did well in all the subjects but my favourite subjects at school were Physics and Computer Science. I also enjoyed English lessons.

I am very interested in learning English because I always wanted to become a programmer or maybe a businesswoman. I also think that the knowledge of foreign languages helps in everyday life and career.

Two years ago I travelled much around Europe. I have visited France, Germany, Belgium, the Netherlands and the United Kingdom. There the knowledge of English helped me a lot.

As you see, my biography isn't very long yet. But we'll meet again in the next lesson and I'll tell you more about myself. See you later...

#### **NICK'S USUAL WORKING DAY»**

Hi, nice to meet you all!

My name is Nick Price. I am a freshman at MIT — Massachusetts Institute of Technology. I am not from Boston myself. I was born in Vermilion, Ohio, not far from Cleveland.

My family is not very rich, that is why I can't afford to live on a campus. But it is a rule, that every student must reside during his or her freshman year on the campus. To cover some of the expenses I've got to work part-time on the campus. I work in cafeteria.

Now let me tell you about my usual working day. I wake up at seven in the morning. My alarm-clock radio is tuned to my favourite radio station. My roommate Todd Hall is a football player. He jogs every morning at 6:30. He is still out jogging when I get up. First I take a cold shower and brush my teeth. Then I dress myself up and rush to work — to the University cafeteria. I wash dishes and clean the tables. It is not a very interesting job, I know that, but soon I'll be a cook and will earn more. My boss Suzie is very strict but very nice when you do your job properly.

My first class starts at 11:15. The professor is never late for his classes. The lecture hall we sit in has about 100 seats. MIT is a very big school. I think that it is the best school of science and technology in the US.

At 2:00 p.m. I eat lunch at school cafeteria. The food is free for me because I work there. I am a vegetarian and I don't like drinks with caffeine. I prefer cool filtered water or juice.

Then I have two more classes. I need to go to the library right after the classes to do my homework. There I meet my friends and we talk a lot. Twice a week I play basketball with my friends. I swim once a week. Usually after library we go out to the cafe or just sit outside and talk.

I have dinner at 6:00 p.m. at the little Chinese restaurant not too far from the dormitory or I cook myself in the kitchen in my dorm. My favourite food is salami pizza and potato salad.

After dinner I watch TV or play ping-pong with my friends. When it is Friday, we go to the football game.

I usually read before I go to bed. It calms me down after the long day. I guess, that's pretty much it for now. See you later!

General understanding:

1. Where does Nick Price study?
2. What year of study is he in?
3. Is Nick from Boston?
4. Is Nick's family a rich one?
5. What is Nick's job? Do you think he enjoys it?
6. Is Massachusetts Institute of Technology a good school?
7. Where does Nick spend his evenings?

### Задание №6

**Прочитайте текст, ответьте на вопросы к нему:**

Today English is the language of the world. It is only in the course of the last hundred years that English has become a world language. In Shakespeare's time it was a «provincial» language of secondary importance with only 6 million native speakers. Nowadays over 300 million people speak it as a mother tongue. English is the official language of the United Kingdom of Great Britain and Northern Ireland, of the United States of America, of Australia and New Zealand. It is used as one of the official languages in Canada, the Republic of South Africa and the Irish Republic. English is also spoken as a second language in the former British and US colonies. In a number of speakers (400 million) it is second only to Chinese.

English is the major international language of communication in such areas as science, technology and business. It is the language of literature, education, modern music, and international tourism. English is the major language of diplomacy; it is one of the official languages of the United Nations organization and other political organizations. Russia is integrating into the world community and the problem of learning English for the purpose of communication is especially urgent today. One should say that English is not an easy language to learn. There is a big problem of spelling, of the large number of exceptions to any rule. This language is very idiomatic and the prepositions are terrible. English is one of those languages which may seem easy in the beginning, but then the bridge between basic knowledge and mastery takes a long time to cross. But if you cross this bridge it will give you great satisfaction. You will be able to speak to people from other countries, to read foreign authors in the original, which makes your outlook wider. To know English today is absolutely necessary for every educated man, for every good specialist.

### **Answer the questions:**

1. Is it easy to learn foreign languages?
2. Which language in the world is spoken by most people?
3. When did you begin learning English?
4. What was the process of learning?
5. Why is English not an easy language to learn?
6. Why is it necessary to learn English?
7. What advantages have the people who know foreign languages?

**Прочтите тексты, определите тему. Расскажите о чем тексты своими словами, выразите свое отношение по данной теме. (5-15 предложений):.**

● The Russian flag is sometimes called the IMPERIAL FLAG. It consists of three equal stripes of white, blue and red. The first flag of this design appeared more than 300 years ago. Peter the Great adapted the flag from the National flag of the Netherlands. Later a black two-headed eagle on a golden background was added to the flag of Russia. The flag existed until the revolution in 1917. In the nineties, with the democratic changes, the three-colour flag was restored again. On 21 August 1991, the flag was officially adopted by the Russian President and the Russian Parliament. In Russia the colours of the current flag symbolize:

- white - frankness and generosity;
- blue - honesty and wisdom;
- red - courage and love.

● The Russian National Emblem is the golden DOUBLE-HEADED EAGLE with a horseman (St George) on a shield on the eagle's breast with a red background. Above the two heads of the eagle, there

is an historical crown.

The first emblem of the double-headed eagle was introduced in 1480, by Prince Ivan III. It was at the time of the establishment of the Russian state system. It symbolized the supreme power and sovereignty of the state.

Since then, the double-headed eagle is the main part of the emblem of our country. But now the crown is a symbol of the sovereignty both of the Russian Federation (as a whole) and of its parts (subjects of the Federation).

Super-Size Me

By Jerilyn Watson Voice of America, July 14, 2003

**HOST:** What would it be like to eat fast food for every meal? A young filmmaker decided to find out. His new movie is called "Super Size Me." Shep O'Neal tells us about it.

**ANNCR:** Health experts are concerned that two out of three American adults are (1) \_\_\_\_\_. There has been an increase in diseases linked to (2) \_\_\_\_\_. Many Americans eat foods that have too much fat and sugar. And they do not exercise enough. Reports say that at least twenty-five percent of American adults eat fast food every day. And McDonald's is the largest fast food company in the world.

So filmmaker Morgan Spurlock wanted to find out the effects of eating nothing but fast food at McDonald's three times a day for a month. He followed three rules. He could only eat what was sold at McDonald's. He had to eat every food at least once. And he would order the largest size French fries and soft drink only if the server offered.

McDonald's called these foods "supersize." That is why Mister Spurlock named the movie "Super Size Me."

Three doctors and a (3) \_\_\_\_\_ expert examined Mister Spurlock before, during and after his eating experiment. They did many tests of his blood and the workings of his major (4) \_\_\_\_\_. At the beginning, he was in excellent physical condition. He traveled to several American cities and many McDonald's restaurants. He ate Egg McMuffins, Big Mac hamburger sandwiches, Chicken McNuggets, French fries, (5) \_\_\_\_\_ and other foods every day. And he did not exercise.

The doctors became very concerned about Mister Spurlock's health. At the end of the month, he had (6) \_\_\_\_\_ more than eleven kilograms. His blood pressure increased. The cholesterol in his blood was too high. And his liver was (7) \_\_\_\_\_ from eating too many fatty foods.

Mister Spurlock's film also appears to have had an effect on McDonald's. The movie won an award for directing at the Sundance Film Festival in January.

Less than two months later, McDonald's said it would stop selling supersize meals. Recently, it started selling special Happy Meals for adults. These include a salad, bottled water and a (8) \_\_\_\_\_ for measuring how far a person walks.

McDonald's also issued a statement about "Super Size Me." It said the movie is about one person's decision to act (9) \_\_\_\_\_ by eating too many calories a day and limiting physical activity. It said McDonald's offers many kinds of high-quality food choices. It also said McDonald's is working with experts on nutrition and (10) \_\_\_\_\_.

### Задание №16

**Прочитайте текст, определите проблему, выразите свое отношение к ней (5-15 предложений):**

Two out of three adults and one out of three children in the United States are overweight or obese, and the nation spends an estimated \$190 billion a year treating obesity-related health conditions. Rising consumption of sugary drinks has been a major contributor to the obesity epidemic. A typical 20-ounce soda contains 15 to 18 teaspoons of sugar and upwards of 240 calories. A 64-ounce fountain cola drink could have up to 700 calories. People who drink this "liquid candy" do not feel as full as if they had eaten the same calories from solid food and do not compensate by eating less. Beverage companies in the US spent roughly \$3.2 billion marketing carbonated beverages in 2006, with nearly a half billion dollars of that marketing aimed directly at youth ages 2–17. And each year, youth see hundreds of television ads for sugar-containing drinks. In 2010, for example, preschoolers viewed an average of 213 ads for sugary drinks and energy drinks, while children and teens watched an average of 277 and 406 ads, respectively. Yet the beverage industry aggressively rebuffs suggestions that its products and marketing tactics play any role in the obesity epidemic. Adding to the confusion, beverage industry-funded studies are four to eight times more likely to show a finding favorable to industry than independently-funded studies. This fact sheet assembles key scientific evidence on the link between sugary drink consumption and obesity.

**Прочитайте текст, определите проблему, выразите свое отношение к ней (5-15 предложений):**

Interrelations between man and biosphere are of a fairly complex nature. Man, like any other living organism, depends for his life on what the biosphere provides: water oxygen, food, and shelter. On the other hand, the biosphere is strongly affected by all so of human activity.

Technology powerfully amplifies the effects human beings on the atmosphere Prehistoric man withdrew from the atmosphere only the oxygen he required respiration; technological man consumes a far greater

amount of oxygen to support fir power plants and chemical processes. The carbon dioxide produced by technology processes in the biosphere substances wholly new to it; man-made radio-isotopes are wide variety of synthetic materials such as plastics, insecticides, herbicides and numeric industrial materials. These, too, also alter the biosphere.

The problem has already been discussed at a large number of conferences, some them sponsored by the UN. However, relatively little has so far been done to environmental pollution.

## Задание №19

### Прочитайте текст, переведите:

The nature of man is largely determined by him. There are features that appear unconsciously, but most people will build their character by themselves. At first sight it is usually difficult to determine the versatility of personality. But even from the initial acquaintance it is possible to make some conclusions. Something you can notice from the facial expressions, gestures, and communication style.

I would like to tell you about the person I care, the nature of which I admire. I was lucky, because I know him from the first days of my life. I want to talk about my father.

Profession largely determines a person's character. Or conversely a person chooses a profession by his nature. Whatever it was, my father was not wrong with the choice of specialty. He's a surgeon. At home my dad is calm and cheerful person. He is always kind and responsive to others. He has many friends, and it's easy for him to find a common language with people. I try to spend with him as much time as possible. He can always cheer me up with a good joke or tell an interesting story. Unfortunately, his work takes much time. When I was a child, I even resented him because of this. But later I realized that his work is very important, because it saves lives. At work, he is always reserved and collected. It seems that he always knows what to do and never gets nervous. Patients always feel his support and attention. Sometimes we meet on the streets his former patients. They thank him and say many kind words. Father being shy by nature, becomes confused on the words of thanks. I am proud of him and I want to become in the future the same.
